## Give Us Your Input!

Public input from thousands of Californians has already helped shape the CALFED Bay-Delta solution. However, there are many significant issues that still need to be decided. Please fill out this form and tell us what you think is important when developing an equitable, feasible and durable Bay-Delta solution.

## Comments:

As provided under ALTERNATIVE 3, I fail to see the  
benefit to the Delta from diversion of water at Hood  
to go around the Delta to the pumps near Vernalis.  
How would CALFED flush the contaminants from the Delta  
under this scenario.

The Delta needs fixing but not at the expense of more  
water diversions and water transfers to Southern  
California.

Use additional sheets if necessary.
